

## How to Join our Training Program

In just 4 years, our training program has grown from 1 instructor with 30 students, to 6 instructors with more than 150 students. Here's why:

- Motivation-based training that makes sense to dogs
- OneMind Dogs handling instruction
- Top notch facility in a great location
- Supportive and ongoing coaching
- Small group classes to maximize individual training
- A growing community of like-minded dog trainers
- Instructors that continue to learn and improve their teaching skills as well as bring new content to their classes

With 6 instructors on our team, we now offer 35 classes each week, with more to come later in 2018.

Our program begins with Essential Skills 1; a class all about building a solid working (and stronger personal) relationship with your dog. Our training philosophies are highlighted in this class, so that no matter which instructor you are with, you know how to take care of your dog in a group class setting.

At the completion of ES1, you have a variety of options:

- Essential Skills 2
- Agility Handling 1
- Agility Obstacles 1

Feel free to take either path, or multiple paths, depending on what's available on our schedule and in your own schedule!

In addition to our group classes, Synergy presents many seminars throughout the year with our own instructors and out-of-town guests!
